

Asparagus Fern

The Facts

Height: 1 - 2'

Spread: 3 - 4'

Sun: Full sun

Water: Medium

Soil: Well-drained

Growth Rate: Fast

Asparagus Fern is an herbaceous plant perfect for creating a lushly green space and providing filler to containers and hanging baskets. Its needle-like foliage is like none other. Its electric lime green color pops in the landscape. Its very low maintenance and heat and drought tolerance make it a popular choice for the hot Oklahoma summer sun.

This annual is one to have in any garden or outdoor living space. Because of its versatile use, it is often one of the most sought after plants even with the absence of blooms. Its fluffy look is unmatched and provides excellent texture to any outdoor living space.
